The type of credit	Credit Card										
The total amount of credit This means the amount of credit to be provided under the proposed credit agreement or the credit limit.	Your credit limit will be the amount determined by us from time to time and notified to you.										
How and when credit would be provided	The credit may be drawn down after you activate the card we send you or earlier if we allow you to make a balance transfer before that time. You may draw credit by using the card to make purchases, cash advances and we may allow you to make balance transfers.										
The duration of the credit agreement	The agreement has no fixed or minimum duration.										
Repayments	Each month within 25 days of your statement date you must pay us at least the minimum repayment, which is either the total interest, charges and any payment protection insurance premium plus 1% of the principal, shown on your monthly statement or 2.5% of the outstanding balance or £5 whichever is higher. If the statement balance is less than £5, then that will be the amount of the minimum repayment.										
Your repayments will pay off what you owe in the following order	Payments received are applied to pay off the minimum payment shown on your statement, then the remaining balance on your statement, then any items not yet included in a statement. We will apply your payment first to any payment protection insurance premium, then to categories of balances in the following order: <ul style="list-style-type: none"> ◆ Cash Advances. ◆ Purchases and Balance Transfers not being charged at a Promotional rate. ◆ Purchases and Balance Transfers being charged at a Promotional rate. <p>In each category, interest and charges are paid first followed by the remainder of the balance.</p>

3. Costs of the credit

The rates of interest which apply to the credit agreement

Standard Variable Rates

The standard variable annual rates apply upon expiry or withdrawal of any promotional rates.

Interest rate per annum for purchases and balance transfers not being charged at a promotional rate 18.9% (effective rate); 17.472% (simple rate).

Interest Rate per annum for Cash Advances 18.9% (effective rate); 17.472% (simple rate).

Interest

Interest will be charged daily at the applicable simple rate (which is used for calculation purposes) from the date each transaction is applied to the account. Interest will be charged until the balance has been repaid in full and interest will be added to the account monthly on your statement date.

All effective rates are calculated on a similar basis to the APR, taking no account of any fees.

We will not charge interest on Default Charges or purchases if the whole outstanding balance shown on your statement is paid off by the payment due date shown on that statement. However, interest remains payable on cash advances and on balance transfers.

We may change the rates we charge you for the reasons set out in the agreement. This includes if we change our assessment of your ability to repay us based on information from credit reference agencies or the way you manage your account.

At least 30 days before we make any change we will tell you about the change and how it will affect you. We will do this by including a message in your monthly statement or by writing to or emailing you separately.

Annual Percentage Rate of charge (APR)

This is the total cost expressed as an annual percentage of the total amount of credit.

The APR is there to help you compare different offers.

Number of cards issued	Total Primary Card fees	Total Additional Card fees	APR
1	£195	£0	59.3% variable
2	£195	£60	73.2% variable
3	£195	£120	88.0% variable
4	£195	£180	103.7% variable

The APR is calculated using the same assumptions as set out above for calculating the total amount payable.

If the APR was calculated using another form of drawdown and the interest rate for that type of drawdown was higher, then the APR would be higher.

Some key points about the card agreement

The information below and in the Pre-contract Credit Information we have provided to you is important and you should consider it carefully. You can take these documents away to read before you sign.

- ◆ There are different ways to use the card and different interest rates and/or charges may apply to these which are set out in your agreement. For example, drawing cash is more expensive than using the card to make purchases and a fee will apply to balance transfers.
- ◆ If you miss your repayments or go over your credit limit you will incur a default charge. These charges are set out in your agreement.
- ◆ If you pay late, we may:
 - demand immediate repayment of the amount you owe on the Account;
 - disclose information about you and the conduct of your Account to licensed credit reference agencies (which may make it more difficult for you to borrow in future);
 - bring legal action to recover what you owe us (which could include getting a court order giving us the right to payment out of the sale proceeds for your home or other property); and
 - require you to pay our reasonable costs and expenses for taking action to obtain payment, including legal costs;

but we will give you advance notice and the opportunity to fix the problem before taking any of these steps (unless the problem cannot be fixed).

- ◆ Each month you must pay to us at least the minimum repayment, which is either, the total interest, default charges and any payment protection insurance premium together with 1% of the principal shown on your monthly statement or 2.5% of the outstanding balance shown on your monthly statement or £5, whichever of these amounts is highest. If the balance shown on your monthly statement is less than £5 then that will be the amount of the minimum repayment. You must pay the relevant amount to us within 25 days of your statement date ("the Repayment Date"). The amount of the minimum repayment and the Repayment Date will be shown on your statement. We may allow you to pay a lesser sum. We will tell you if we do this.
- ◆ There is an annual fee of £195 for the Primary Cardholder and £60 for each Additional Cardholder.
- ◆ We may vary (or introduce) any interest rates, charges or fees in accordance with clause 8 of the agreement, which sets out the reasons for making any changes and how much notice we will give. In particular, unless we are aware that you are at risk of financial difficulties, we may vary the interest rate(s) and the APR if we change our assessment of your ability to meet your financial commitments taking into account your credit history and information held about you by credit reference agencies and how you conduct the Account from time to time.

- ◆ Using cards to borrow money can be expensive. Depending on the purpose for which you want credit, there may be cheaper ways to borrow. For example, using your card to borrow cash on a long term basis is probably not a suitable use of the card.
- ◆ You have the right to withdraw from the credit agreement within a period ending 14 calendar days after you have received your card. If you withdraw after receiving credit, you must repay the credit within 30 days and pay any interest due on the credit.
- ◆ If you make only the minimum payment each month, it will take you longer and cost you more to clear your balance.
- ◆ You are responsible for use of the card by any additional cardholders, including any use that makes you break the agreement, such as if an additional cardholder makes a payment which takes the amount on the account over the credit limit.
- ◆ If you have any questions about the agreement, please call us on **03457 70 70 70**. BT customers' calls to 0845 numbers from anywhere in the UK are charged at the local rates, but different rates apply to callers from a non-BT network, and calls from mobiles may be significantly higher. You may want to check this with your service provider.

Balance Transfer Information

- ◆ A balance transfer fee of 2.9% (minimum £5) will be charged for each balance transfer.
- ◆ At the end of the promotional period the rate for the transferred balance will revert to the standard variable rate then applicable to balance transfers.
